ABOUT US

The Independent Insurance Agents & Brokers of Idaho (IIABI) or Big “I” is an alliance of small business owners and their employees who sell all types of insurance. Member agencies throughout the state represent multiple insurance companies, thereby offering clients freedom of choice—freedom to choose coverages and companies for their auto, home, life, health, and commercial needs. In addition to the over 800 agency owners, producers, and employees of our regular agency membership, the IIABI enjoys the support of associate members, major insurance companies, and suppliers of the American Agency System.

IIABI is the Idaho arm of the Independent Insurance Agents & Brokers of America (IIABA). A member-driven organization established in 1924, the IIABI is led by an elected Board of Directors and active committees.
